About the workshop

All are welcome to spend an enlightening day with the founder of Educational Kinesiology and Brain Gym® as he demonstrates and teaches, sharing his own unique style, wisdom and expertise. Throughout history, major steps in the understanding of a discipline have been achieved by spending time with the master of the craft. This quantum leap, gained only by experiencing the master at work, has long recognized in the fields of music, art and medicine. Edu-K is intrinsically a non-intrusive process that recognizes that each person's adaptation to his or her life experience is part of a complex and personal pattern. Open to beginners and experienced instructors. Class size is limited.

You will learn

- The Brain Gym Balance Interview
- Noticing
- Drawing Out
- An understanding of the reading process
- *And much more!*

Paul Dennison did his research on reading and cognitive development. His clinical studies in the USA on the causes and treatment of learning difficulties resulted in the development of the Educational Kinesiology and Brain Gym® programs with his wife Gail Dennison. These programs are now used in more than 80 countries worldwide and translated into more than 40 languages. He is the author of Brain Gym and Me; Reclaiming the Pleasure of Learning.
