June 26-30, 2012, Ventura, California

- Experience dynamic personal growth and transformation in your life
- Receive a new and expanded understanding of the pre-checks and educational opportunities in the seven dimensions of intelligence
- Gain new understanding of how structural integrity relates to learning ability, reading, and quality of life
- Acquire the knowledge, hands-on practice and confidence necessary to make Educational Kinesiology an integral part of your one-to one Edu-K consulting and teaching

“Movement is the door to Learning” –Paul Dennison, Ph.D.

Paul E. Dennison, Ph.D. is a professional educator, pioneer in brain research, and world authority on cognitive skills and reading achievement. He received his doctorate in education for his research on reading and cognitive development. His clinical research on the causes and treatment of learning difficulties resulted in the development of the Educational Kinesiology programs with his wife Gail Dennison. These programs are now used in more than 80 countries worldwide and translated into more than 40 languages. He is the author of Brain Gym and Me; Reclaiming the Pleasure of Learning.

You will learn:

- Seven Dimensions of educational opportunities to learn anything faster and more easily
- Creative Vision training to be more focused and organized with increased ability to pay attention
- Balances to start and finish projects with ease and reduced stress
- Movement Re-education processes for improved structural alignment
- Integrated Movements to help reach new levels of excellence
- Improved skills to perform better at sports and in all areas of personal expression

And much more!
